1996	Bill Clinton	49.7%
2000	George W. Bush	49.7%
2004	George W. Bush	49.7%
2008	Barack Obama	49.7%

Caucus turnout robust, nearing all-time record

By JEFF MANNING

Turnout at Monday's Republican caucus approached the record set in 1972, as voters lined up for hours to cast their ballots in person. The turnout was the highest since 1972, when 78.5 percent of eligible voters showed up to vote. This year, 77.5 percent of eligible voters showed up to vote, according to the Iowa Secretary of State's office.

2012 IOWA CAUCUSES

SANTORUM REACTION

Key endorsements and hard work helped him beat long odds and finish strong

By WILLIAM PETERSI

Mr. Santorum's victory in Iowa is a significant milestone in his campaign. He has secured the support of a large number of delegates, which has put him in a strong position to compete for the Republican nomination. His victory is a testament to his grassroots support and his ability to connect with voters in a state that is traditionally a swing state.

REPUBLICAN WINNERS BY COUNTY

These maps offer an at-a-glance look at county-level results for the state Republican Party.

Mr. Santorum	29.2%	Mr. Romney	16.7%
Mr. Gingrich	24.8%	Mr. Obama	1.2%
Mr. Paul	19.2%	Mr. McCain	0.2%
Mr. Perry	1.2%	Mr. Clinton	0.2%
Mr. Bachmann	0.2%	Mr. Obama	0.2%
Mr. Herman	0.2%	Mr. Obama	0.2%
Mr. Romney	0.2%	Mr. Obama	0.2%
Mr. Obama	0.2%	Mr. Obama	0.2%

Here are unofficial results of Santorum's victories in 113 counties.

Opinion

The Register's Editorial

Iowa has done its job for another 4 years

Our neighbors have approached caucuses with seriousness of purpose

The Republican Party's recent victory in Iowa is a testament to the state's political process. The caucus has been a model of transparency and accountability. For four years, Iowa has demonstrated its ability to elect a president through a process that is both fair and democratic. The state's voters have shown a clear preference for Mitt Romney, and the Republican Party has won a decisive victory. This success is a testament to the strength of the caucus system and the commitment of Iowans to their democratic principles. The state's political process has been a model of transparency and accountability, and the results of the caucus have been a clear reflection of the voters' will. The Republican Party's victory in Iowa is a testament to the state's political process and the commitment of Iowans to their democratic principles.

CANDIDATES REACT TO RESULTS

Gingrich vows to get more aggressive

Rick Warren, Mitt Romney and Tim Pawlenty have won the Iowa Republican caucus, but Rick Warren's victory is a surprise. Warren, a former U.S. representative from Iowa, has a record of being a vocal and aggressive voice in the Iowa legislature. He has been a vocal proponent of fiscal responsibility and has been a strong supporter of the military. Warren's victory in Iowa is a testament to his leadership and his commitment to the state's interests. He has vowed to get more aggressive in his efforts to improve the state's economy and to address the challenges facing Iowans.

Thigh, Not Arm, for a Shot

Thigh, Not Arm, for a Shot

The CDC has updated its guidelines for influenza vaccination. The CDC now recommends that people aged 65 and older get vaccinated in their thigh, not their arm. This is because the thigh muscles are larger and can hold more vaccine, which can lead to a more effective immune response. The CDC also recommends that people with chronic medical conditions get vaccinated in their thigh, even if they are younger than 65. The CDC has also updated its guidelines for influenza vaccination for children. The CDC now recommends that children aged 6 months to 5 years get vaccinated in their arm.

Caucus turnout robust, nearing all-time record

By STEVE MANNING, REGISTER STAFF WRITER

Iowa's caucus turnout is expected to reach a record high of 70 percent, according to a new survey by the Center for Politics at Ohio State University. The survey, conducted in late 2011, found that 70 percent of voters plan to participate in the caucus, up from 68 percent in 2008 and 66 percent in 2004. The high turnout is expected to make the caucus a more significant event in the presidential election process.

敢于让孩子输在起跑线

2011年5月11日 星期三 11

从小学到大学，每个孩子都要参加考试。家长和老师都希望孩子能考得好，但孩子却不一定愿意。很多家长在孩子很小的时候就开始给孩子报各种辅导班，让孩子在起跑线上就比别人领先。然而，孩子却不一定愿意。很多家长在孩子很小的时候就开始给孩子报各种辅导班，让孩子在起跑线上就比别人领先。然而，孩子却不一定愿意。

The currency wars

Once upon a time Bretton Woods ensured orderly exchange rates and the stability of the world economy. And then global currency trading unleashed the full force of national rivalry. Can it still be contained and set at rest?

DEIAS

Os direitos do homem são mesmo universais?

O ocidente tenta impor para todos os povos do mundo, independentemente de sua cultura, o conceito de direitos humanos. Exige que eles se adequem aos seus preceitos, sem exceção ou brechas. E esquece que essa mesma construção ideológica foi forçada pela mão dos próprios europeus

RUBEN GONCALVES

O direito do homem não se tornou universal. No entanto, é hoje que se discute mais sobre os direitos humanos do que em qualquer outro momento da história. Desde a Segunda Guerra Mundial, o conceito de direitos humanos tornou-se um dos pilares da diplomacia internacional. Mas, apesar de ser um conceito universal, ele não é aceito por todos os povos do mundo. Alguns países, como a China, o Irã e a Rússia, não reconhecem o conceito de direitos humanos tal como é entendido no Ocidente. Isso gera tensões internacionais e, muitas vezes, conflitos armados.

Se para o pensamento europeu a liberdade é o último pilar, para o oriental ela é a harmonia. E o Ocidente produz uma esquisita exceção ao seu próprio princípio.

Na Declaração Universal dos Direitos Humanos, o artigo 1º afirma: "Todos os seres humanos nascem livres e iguais em dignidade e direitos. São dotados de razão e consciência e devem agir em relação uns aos outros com espírito de fraternidade". Essa é uma declaração universal, mas ela não é aceita por todos os povos do mundo. Alguns países, como a China, o Irã e a Rússia, não reconhecem o conceito de direitos humanos tal como é entendido no Ocidente. Isso gera tensões internacionais e, muitas vezes, conflitos armados.

Valse des prix des traitements de l'hépatite C

Martine Bungener, vouée aux « oubliés » de la santé

Sociologue et économiste, elle dirige le centre de recherche au CNRS et étudie l'importance des « aidants » et des associations de malades pour le système de soins

« Les outils de sociologie sont un peu oubliés. Si vous ignorez ce qu'est un patient, vous ne pouvez rien faire ».

Martine Bungener est une femme d'âge mûr, avec des lunettes et une veste rouge. Elle est assise à une table, devant un ordinateur. Elle est en train de parler à propos de son travail de sociologue et économiste. Elle dirige le centre de recherche au CNRS et étudie l'importance des « aidants » et des associations de malades pour le système de soins.
